

**EAST HULL
COMMUNITY
FARM**

IMPORTANT PLEASE READ

Ladies who are, or may be pregnant are potentially at risk of acquiring certain infectious diseases from pregnant livestock including sheep and goats.

(Toxoplasma/ Chlamydomphilla Abortus/ Listeria)

All of our livestock comes from a flock or a herd where no problems from the above have been recorded.

As an extra precaution if you are pregnant we advise you not to touch the lambs and sheep. We do not have any goats .

If you require any further advice please ask the staff for details.

Please wash your hands before eating or drinking and before leaving the farm and then use the hand gel.

Thank You
